Tech Session Saturday 4/16/2016 Norway IL

Thank you to N9JNK for hosting the mid-month Tech Session with KB9EZZ, K9ZQ and KC9KVV in attendance. Shirley made sure no one went hungry with plates of cookies, excellent toasted sub sandwiches, cabbage salad, hot peppers, chips and gallons of coffee, water and soda. This was the last Tech Session in Norway.

Winlink and the local RMS stations were tested. K9ZQ and KC9KVV assembled the 35 pieces to get a 50ft vertical (<http://www.prc68.com/I/LWB.shtml>) to resonate on 80 M AM. Go-Kits were worked on in preparation for the May 14th Starved Rock Marathon and July 20th LaSalle Station exercise.

The next Tech Session will be at SRRC Leonore Noon to 5 PM before the Monday 5/2 meeting. Hope to see you there.
